Our **Kinder Kamp** group is specially designed for tots and early school aged children and we maintain a 6:1 camper to counselor ratio with this group. This active hands-on program will surely delight your youngsters as they experience and learn about the animals and plants of the farm. Crafts, snacks, music, and lots of fun will be had by all. Classes are small, so register early! Ages: 3 up to 6 years.

Our **Explorer** group follows children through most of their elementary years. It is the largest group of campers and they participate in a range of exciting farm, nature and craft experiences. Ages: 7 to 11 years.

The **Senior** camp group is designed to accommodate our 12-16 year old campers. These older campers will spend their time delving deeper into the workings of the farm as well as exploring

interests in our ecological historical and natural surroundings. Additionally, they will be encouraged to participate in creative independent and group projects and presentations

All of these groups will be in close proximity to one another and we are sensitive and flexible with siblings and friends who wish to interact with one another.

**Counselor In Training (CIT)** program for select 14 through 16 year olds who apply and meet our criteria. (Call for information)
